Fifteen Lost by Capsizing of a Boat-South Sea Natives Punished.

VICTORIA, B. C., Nov. 29 .- News of the foundering of a launch at Noumea, causing the drowning of fifteen persons, is brought by the steamer Miowera. The steamer St. Pierre had arrived from the Isle of Pines with thirty-four prisoners, including three women, and the launch went out to tender the steamer. It was too small, and being overcrowded, capsized and all on board cornices and skylights; tin, fron, steel and were thrown into the water. The members of the Kanaka crew of the St. Pierre dived into the water repeatedly and saved many, but fifteen were drowned, including Warden Andrew, who was in charge of the bunch. The accident was witnessed by several hundred people from the wharf.

From the New Hebrides news was received that the boats of the French recruiting vessel Marie Henry were attacked by the natives, who were incensed because of the misconduct of a former recruiting vessel, which had shanghaied a number of na- | quarters in Pittsburg on Dec. 4. tives. Securing reinforcements the French | noes, but the natives fled. The schooner Julia was also attacked at Pentecost Island. The crew of the vessel returned the fire and driving back the natives landed and burned some huts, including that of the night, teacher of the mission, who was seen at the head of the natives. > The Car Shortage Gradually Being Relieved-Monon to Build Fifty Miles to the Coal Fields.

The plan of the so-called "Junior Vanderbilts" to form a parent company to include the Nickle-plate, the Michigan Central, the Canada Southern and the Big Four-the Vanderbilts now, through the New York Central, owning the Lake Shore and the Lake Erie & Western-says the Cleveland Leader of Thursday, is, by excellent authority, declared a mirage. The plan has been attracting the attention of | Pennsylvania in 1878. the financial world for the last three months, and it seemed for a time as if something of that sort was highly probable. It was so earnestly believed that the stock market showed the results of the rumors, and some of the securities climbed far higher than they would under ordinary circumstances. The Michigan Central jumped up five or six points, the Big Four and the Nickle-plate made similar gains, and once Nickle-plate common went up more than ten points. The impression was so general that the organization was going through that the announcement that W. H. Canniff had been re-elected as president of the Nickle-plate came as a genuine surprise in some quarters. All had looked for a merging of the interests. Now the statement is made by those who are on the inside that the whole discussion has been altogether unauthorized. Some expressing things say that it is a "stock jobbing scheme" on the part of persons in Wall street who are not allied with the having had anything to do with the pro- Northeastern road. This is the Southern's Vanderbilt interests. The Vanderbilts, not mulgation of the reports, have not denied them and have considered the matter as a fantasy.

The different companies will be managed and others are promoting. understanding among the traffic and accounting officials, which relations are considered of a private nature and matters in which the public are not interested or concerned, as they express it.

Car Situation Improving. The fine weather of the last few days has done much to relieve the car situation and immense quantities of freight have been moved. The equipment has furnished material relief, though, as Ford Wood, general freight agent of the Peoria & Eastern, states, the relief is not yet complete. The weather could not have been better for successful operation of the roads. Some of the roads have been hauling trains of forty to sixty loaded cars, and when the extra carrying capacity of the cars is considered this is really remarkable. Never before have the various manufacturing establishments been so busy at this season of the year, and should the weather continue favorable to the end of the year there will be no coal shortage, which has given rise to some anxiety. East-bound traffic consists largely at present of fruits, canned goods, etc., and the west-bound traffic, aside from coal, is made up largely of merchandise. The movement of general merchandise West, Northwest and Southwest has been heavy beyond precedent. Gradually the car famine is being relieved, but, while the pressure for cars is not as great as it was, it need not be supposed that any are now idle. All the roads are certain to have as much traffic as they can conveniently han-

dle through the winter months.

Leased for 999 Years. The lease of the Burlington system to the Chicago, Burlington & Quincy Railroad Company for a term of 999 years was consummated at Burlington yesterday, when papers in the case were filed there. President Harris signed the lease both for the Chicago, Burlington & Quincy Railroad Company and for the Chicago, Burlington & Quincy Railway Company, as he is president of both corporations. A meeting of the latter company was held recently and the entire official staff of the Chicago, Burlington & Quincy Railroad Company was made the official staff of the Chicago, Burlington & Quincy Railway Company. As a result the officers of the railroad company, when they signed the lease, simply leased to themselves as officers of the railway tee on District of Columbia affairs, and company, all the lines of the Burlington system. He has also inclosed a statement that the passes over his road will expire Dec. 31 and that all roads desiring transportation should send in their lists at once. TERRY M'GOVERN'S MANAGER POSTS

\$2,500 FOR ANOTHER MATCH.

He Says that Unless Young Corbett Be Knocked Out the Purse Will Be Forfeited.

NEW YORK, Nov. 29 .- In sporting circles here nothing was talked of to-day more than the defeat of Terry McGovern by Young Corbett in Hartford yesterday afternoon. That McGovern was beaten by a two-handed rushing fighter like himself was conceded by everybody, but McGovern's friends are evidently of the opinion

that, should the boys meet again, McGov-

ern will retrieve his lost laurels. This afternoon Sam Harris, McGovern's manager, posted \$2,500 to bind another match, the time and place to be at the will of Young Corbett. In an interview this afternoon Harris said: "In order to get a return match with Young Corbett Terry will agree to knock him out before the limit of twenty or twenty-five rounds is reached or forfeit the entire purse. Now, if Young Corbett thinks he is McGovern's master he will cover the forfeit which I have placed here in reputable hands, and if he refuses the public can easily see who is the better man. I don't wish to take away any of the credit that is due to Young Corbett over his great victory, but I still insist that the result of the fight was due to a fluke. When McGovern was put down in the first round his head came in contact with the boarded floor of the ring, and this so stunned him that he was in a dazed condition thereafter. My man McGovern had all the better of the mill up to this time, and, had the ring been padded, there would have been another story to tell. In delivering the last blow Young Corbett did not realize himself that he had hit Terry with effect, as his head was down and he was swinging his hands wildly. It was lucky enough to be a winning blow, and that I

consider a chance one. "I am positive that McGovern did not show his true form in this contest and am willing to accept the proposition of James C. Kennedy, manager and matchmaker of the Twentieth Century Athletic Club, of San Francisco, who has offered a purse of \$10,000 for the men to meet again in his club. I am quite willing that Terry shall meet him again under the same conditions, and would prefer to have the winner take all. I am not blowing and want to be fair in this matter so as to give Corbett all credit for his victory and in the making of a new contest, I will give him all the time he desires to rest up before ment and I think if he is fair minded and believes that he can defeat McGovern again, he ought not to throw any obstacles in the way of another meeting. I will wager as much as \$25,000 on the side that Terry will win. I notice that it has been published that Corbett has won the featherweight championship, but this is not true, McGovern defeated George Dixon for the title of featherweight champion, the limit for which is 122 pounds, and when Terry won it, he only turned the scales at 118 and he is now ready at all times to defend his championship honors at the limit

against any one. Dave Sullivan Wants a Fight. five rounds, and Sharkey is willing to bet \$2,500 or \$5,000 on the side. Speaking this afternoon, Sharkey said: While yesterday's battle was square and clean cut, I think McGovern is the better man; and, while I do not wish to deprive Young Corbett of any part of his wellearned merits, I believe that Dave Sullivan can beat either Corbett or McGovern. My money talks. I will bet anywhere from \$2,500 to \$5,000 that Sullivan can lick Corbett. and in saying this I mean he is the best

Lord Derby and Shadow Chimes Sold. NEW YORK, Nov. 29 .- A number of fast trotters and pacers were sold at the Fasig-Tipton auction to-day. Lord Derby, 2:064, and Shadow Chimes, 2:06%, the two stars of the Hamlin stable, were reserved for sale until 3 o'clock this afternoon, at which hour the first named entered the ring. Lord Derby was driven by Ed Geers. D. Tamar and E. E. Smithers, both of this city, made the bidding lively until \$10,000 was reached. This was Mr. Lamar's last bid and Mr. Smithers got the horse for \$500 more. Other bidders for Lord Derby, in addition to Messrs. Lamar and Smithers, were Wallace Pearse, of Sharpsburg, Pa., who bid to \$9,500, and Nathan Strauss, who bid to \$8,000. At the Hartford meeting this summer Mr. Smithers offered \$20,000 for Lord Derby. His offer was refused. Shadow Chimes went to William West, of Edinburgh, Scotland, for \$5,100.
